## City Makes Start On Federal Housing Plan

MASS MEETING CALLED AT  
ARMORY NEXT WEEK,  
FRIDAY NIGHT

In last week's issue of the Holland City News at least two columns were given on the proposed Federal Housing plan, stating how home owners and business men could secure aid to make permanent improvements on homes or business property. The "Better Housing Program," sponsored by the United States government, enables property holders to finance, repair and improve their property at low cost. If you refer to the Holland City News of last week, you will find the banking rules as to who are eligible to borrow money for these undertakings. The three local banks also have printed copies of these rules, and the officials are filled with information that can be secured together with a copy of the rules.

William M. Connelly, director of the Chamber of Commerce, with offices in the Warm Friend Tavern, extends a welcome to all who wish this information, and will direct all such applicants as they should be directed. Booklets can be shown with illustrations indicating just what projects are included. A new porch, a new chimney, a fireplace, weather strips, built-in cupboards, damaged roofs repaired, a new front to a store, remodeling of homes in every detail, etc., etc. Any project must be a permanent one—thus adding to the value of the home. It must not be movable because all loans are dependable on the value of the property, which naturally includes improvements that cannot be taken away, for that would mean shrinkage in valuation.

Anyway John Good, the president, and William Connelly, secretary of the organization have called a public mass meeting at the Holland Armory for next week, Friday, September 14, at 8 o'clock, when able speakers conversant with all these plans, will be on hand to give necessary information. Plenty of time will be given to ask and answer questions.

Remember, even if you do not need money to fix up your home, be present anyway. Encourage this planning program. Holland is still the "city of homes"—the fireside hasn't been entirely neglected—and if in some instances this is the case, a meeting of this kind may incite a spirit that the home after all is a thing that is not attained anywhere else. It is needless to say that everyone is invited.

This planning will put many men to work, will ally the fears of many a home owner who has been deeply troubled because he saw his home deteriorating, and had no immediate means to prevent its decay.

## CORA VANDE WATER HEADS WOMEN'S FITZGERALD- FOR-GOVERNOR CLUB

At a meeting of the Fitzgerald-for-Governor club, organized by business women of Ottawa county, held in the county building Wednesday night, Probate Judge Cora Vandewater was elected president.

Other officers elected were: vice president, Mrs. Corabelle Verhoeks; secretary and treasurer, Miss Anne Van Hosen; corresponding secretary, Mrs. Arnold Smith, Spring Lake.

The club had an initial membership enrollment of 50. Plans were outlined for a permanent organization after primary election to be known as the Ottawa County Women's Republican club.

Mrs. Frank P. Burt of Comstock Park, president of Kent County Women's Republican club and general organizing chairman of Fitzgerald clubs in Kent county, and Miss J. Maude Gleason, president of Kent County Business Women's Fitzgerald club, were also present.

## GROESBECK ALSO HAS SMALL AUDIENCE AT ZEELAND

Relative to the number who heard Candidate Groesbeck, it appears it was little better than at Holland. In both instances it was raining. The Record says this about the attendance:

"At 3 o'clock he spoke in Holland and arrived here at about 4:15 for his appointment. The weather was bad, but in spite of it a group of 75 local people came to hear what the former governor had to say. Another group of about 50 persons weathered the rain to hear him at the public stand on the post office site, but when he failed to appear evidently did not care to go farther through the rain, although the high school band, led by a large 'Groesbeck for Governor' banner, advised them that the speaker invited them to the city hall."

## CENTRAL PARK

Mrs. George St. John has returned to her home here after a month's stay in Montana where she visited friends and relatives in Kalispell and Somers. Her mother, Mrs. L. H. Caverly, of Somers, Montana, has returned with her for a visit.

Rev. F. J. Van Dyk and son, Louis, have returned from an automobile tour in the eastern states. They were the guests of Rev. Thomas H. Johnson at his summer home in the Berkshires near Great Barrington, Mass.

Mr. and Mrs. Dick Van Der Meer were in Chicago recently.

Dr. J. E. Kuisenga of Princeton, New Jersey, conducted the last of the summer services at the Reformatory chapel last Sunday.

Robert Van Den Berg returned from a trip to the western coast

## RETURNED FROM TRIP TO CALIFORNIA

Vernon Ten Cate has returned from California by train. He, with Mrs. G. J. Diekema and Mrs. Martha Kollen left this city by motor car on Friday, August 17, traveled 4,000 miles via the Canadian Rocky route, and arrived at Palo Alto, California, where Mrs. Diekema will make her future home.

Mr. Ten Cate says it was a wonderful drive, over the most beautiful scenic route on the North American continent. Mrs. Kollen is remaining another week and will visit Yosemite valley, one of the most beautiful national parks in this country. She is also expected to arrive by train. The motor car remained in California for the use of Mrs. Diekema, who is now director of Roble Hall, women's dormitory, at Leland Stanford university, Palo Alto.

## JUDGE LEAVES FOR MACKINAW ISLAND

Former Judge Orren S. Cross and Judge Fred T. Miles, both of Holland, left on the special excursion from Grand Rapids to Mackinaw Island where all the judges of the state of Michigan and the Michigan Bar association will meet. This is said to be the most beautiful spot in Michigan and these men will spend at least three days there. They have a big program, and undoubtedly crime suppression will be one of the grave matters talked on.

## FALL SEED LOANS OBTAINED BY FARMERS

The Federal Emergency Crop Loan Office is now receiving applications from farmers for advances for fall seeding of wheat, rye, or other crops maturing in 1935. The maximum loan is \$2 per acre to be used for seed, fitting land, etc. The security is a crop mortgage maturing Aug. 31, 1935. Applications are received at the County Agricultural Agent's office and must be made before September 15.

## ANOTHER CONGRESSMAN ALLIED WITH HOLLANDERS

A woman candidate for congress from the Fifth district was campaigning in Holland yesterday and states that she is making a thorough canvass of both Kent and Ottawa counties. She is now in this county.

She states that she is a cousin of Governor Comstock, and was in charge of the Democratic Women's activities during the national and state campaign, and is secretary of the National Democratic Women's committee, and has been in Washington a great deal on that behalf, being thoroughly acquainted with national affairs. She was born in Grand Rapids and received her fundamental training in the public schools there.

Her name is Mrs. Josephine Minard Bowersox, her husband being the eminent Dutch violinist who was selected as one of thirty musicians of the nation composing the National Symphony orchestra of Washington to play before Queen Wilhelmina during their European tour. This is the first occasion when a woman has been a candidate for congress in the Fifth district.

Mrs. Bowersox called at the Holland City News office and has a pleasing personality. She seemed to feel honored that she was so closely allied with Dutch people. Her maiden name was Miss Josephine Fortier, she being the daughter of Mr. and Mrs. John W. Fortier of Grand Rapids.

## PRIZES GIVEN TO HOLLAND BABIES

Winners in the baby contest which is being sponsored by the Disabled War Veterans, have been announced as follows:

High health babies are Roger Lee Brower, 9-months-old son of Mr. and Mrs. Maurice Brower, with a score of 992 out of a possible 1,000, who consequently has been selected as King Holland, and Ruth Estelle Busch, 20-months-old daughter of Mr. and Mrs. George Busch, with a score of 989.

A baby festival will be staged at Holland high school Friday evening, the first performance to begin at 6:30 and the second at 8:45. Babies to preside at the court of King Holland are Bruce Poppen, baby king; Donna Kehrer, Marlene Houting and Patricia Ooster, baby princesses, and Ronald Wieringa, baby prince.

In the baby beauty show, the following were chosen in their respective age groups: Leona Konig, Thomas McCarthy, Maryruth Paris, Norene Brouwer, Chester Kalkman. A total of 165 babies were entered in the contest.

The second part of the entertainment will be devoted to the presentation of "The Girl from Holland," played by the following: Athalie Roost, Jerry Houting, Mildred Essenberg, Ernest Arrely, Howard Hoffman and Corinne Baker.

Miss Dorothy and Miss Arlene Poll have returned after having spent a few days visiting their cousin, Blanche Rietveld, at Hamilton.

Charles White of Douglas, who was arrested some time ago and pleaded guilty to driving his car while drunk, appeared before Judge Fred T. Miles in circuit court Wednesday and asked that steps be taken to have his driver's license restored. After considerable discussion Judge Miles consented and stated he would place White on probation if he would agree to abstain from the use of liquor for one year. White is a traveling salesman.

Four cottages on Stickney ridge, just south of Highland Park, Grand Haven, were recently entered and the gas meters smashed and rifled. Sheriff's officers who investigated Wednesday reported no other damage done. Eight dollars was taken from one meter. The cottages were vacated last week. Entrance was made by jimmying rear window.

## Craig Denies He Tipped Off Authorities

QUESTIONED BY DETROIT REPORTERS; SHERIFF BEN ROSEMA A DENIES STORY POINTING TO BROTHER

(Grand Haven Tribune)

In the presence of two newspapersmen from Detroit last night Theodore Craig, or Bents, denied any connection whatever with the Dillinger gang, or that he in any way was implicated in tipping off the officers as to Dillinger's hideout in Chicago, which resulted in the death of the gangster.

He stated that he was a salesman who had been in many parts of the country. The various times that he had been charged in connection with various bank jobs over the country had always resulted in mistaken identity and he has never been held. He admitted making restitution in the larceny of some bonds at one time after which the charges were dropped. The Detroit paper stated that he had pointed to his brother, Edward Bents, as being the man who might have tipped off the federal officers. This statement was denied by Sheriff Ben Rosema who was present during the entire time of the conversation between Craig and the Detroit men.

Say, Story Illogical

Louis Osterhouse, attorney for the defense, holds the story regarding Craig's connection with a trade with federal officers whereby the Vermont bank robbery charge was dropped at Portland, is not logical. "The officers there knew that the Michigan officers were in Portland at the time it is claimed they were tipped off as to the whereabouts of Dillinger. If they believed, they would have protected the man according to the agreement."

Mr. Osterhouse stated that as far as he knows Craig has issued no statement to any federal officers here or in Portland and he cannot continue the story from any angle.

Craig maintains his innocence in connection with the local robbery and the South Bend robbery. He maintains that he has never known any of the Dillinger gang, Bohemia, and has absolutely no connection with organized gangs of the country.

There is no change of any kind in the local status of the prisoner and his arraignment in circuit court in Grand Haven has not been fixed. No further attempts have been made by the federal officers to secure Craig and to all appearances he will be tried in this court.

Rumors that he would plead guilty when arraigned have been denied, and as far as the local officers are concerned he has not broken down in his denial of the connection with the Grand Haven affair, or other charges which are made against him.

## HOLLAND WOMAN DIES AFTER FEW MONTHS' ILLNESS

Mrs. Herman Tien passed away Wednesday morning at the home at 229 West Seventeenth street, at the age of 62 years. She had been in ill health for the past six months.

Surviving besides the husband are five daughters, Mrs. G. J. Hespink, Mrs. Adrian Speet, Mrs. Louis Steketee, and Miss Martha Tien, all of Holland, and Mrs. Harry Amsink of Zeeland. Also a sister, Mrs. Gerrit Lemmen of Holland, and four brothers, Mr. Alex Van Zanten, John and Gerrit Van Zanten of Holland and William Van Zanten of Sheboygan.

Funeral services will be conducted Saturday afternoon at 1:30 at the home and at 2 o'clock at the Maple Avenue Christian Reformed church, Rev. D. Zwier officiating. Burial will be in the Graafschap cemetery.

## CHEST CLINIC NEXT TUESDAY

The monthly chest clinic will be held on Tuesday, September 11, from 1 to 4 o'clock in the annex of the old hospital building, better known as the baby clinic building. Dr. Bartlett will give free examination at that time to those who desire this. Children should be accompanied by their parents.

## DANHOFF IS MAKING KENT-OTTAWA TOUR

Attorney Peter Danhoff, candidate for the Democratic nomination to congress from this district, addressed good-sized audiences in Grand Haven and Spring Lake last night. Attorney Danhoff is making an active campaign. He will be visiting the rest of this week to campaign in the townships of Kent and Ottawa counties. Attorney Danhoff emphasizes in his addresses that he is in accord with the Roosevelt recovery program and the proposed new legislation that will come before the next congress.

An eight-pound catfish was landed by George Tuttle, pro at the Muskegon Country Club. Tuttle was using a fyrod at the time he made this catch.

Raymond B. Cook, son of Mrs. E. H. Cook of rural route No. 1, Holland, a former Holland resident and for the past ten years of Long Beach, California, died at the Seaside hospital at Long Beach at the age of 35 years. Mr. Cook was born in Holland and attended the public schools and business college here. In 1918 he accepted a position with T. Keppel and Sons and later with Charles Van Zyl. At Long Beach Mr. Cook was employed with the American Railway Express. Funeral services will be held Friday at 3 o'clock at Long Beach. Burial will be at the Long Beach mausoleum. Surviving are his mother, Mrs. Effie Cook, and three brothers, Herman C. Edward and Harold, all of Holland. Harold Cook is now in Long Beach, having left August 20 to be with his brother during his illness.

## News Items Taken From the Files of Holland City News Fifty, Twenty-five and Fifteen Years Ago Today

### FIFTY YEARS AGO TODAY

The fall term of our public schools will open Monday next with the following corps of teachers: High school, Miss Hattie Dodge (only one teacher) of Wayne county; No. 4, Mrs. S. J. Higgins; No. 1, Anna Breyman; Primary, No. 1, Addie Clark; No. 3, Sarah Ledeboer and Rika Verbeek; No. 2, Christina Vaupell and Emma Worth; No. 1, "Albie" Cunningham and Kate Vaupell; Fourth Ward School, Miss Anna Henjes of Allegan.

S. S. Wheeler, who for some time was head miller at the Standard Roller Mills (Walsh DeRo Milling Co.), has resigned and William A. Holley of Cleveland took his place.

Last spring we gave Joos Verplanke, the Fusion candidate for sheriff in Ottawa county, a large "white elephant" potato to use as seed. This week he reported the result. He cut the potato up and planted it in nine hills and on last Monday dug up one bushel and a peck of as fine potatoes as ever grew. The white elephant is a prolific variety and in quality it excels them all. Note: Joos Verplanke did succeed to become sheriff and still lives today, the only veteran of the Civil War remaining in Grand Haven and Spring Lake. He originally went out as a sheriff candidate from Holland. He visits this city each year for at least a month and he is a grand old gentleman of 90 years.

The manufacture of "buffalo" furniture has become an industry in New York. The horns are not those of the bison, however, as is commonly believed, but are from the cattle killed at the abattoirs. They are sold at the slaughterhouses for a little more than what the button manufacturers give, are cleaned, dried, scraped and polished. The cost of making these horned goods is less than that of carved wood, but they bring two or three times more than the latter. The new industry is almost monopolized by Germans from Saxony. Note: It appears they must have made a "Hitler"—well, there are still a lot of cows slaughtered that might play an important part in Holland's furniture embellishments only look out, don't stub a toe on a horn coming in quietly after a night out.

### TWENTY-FIVE YEARS AGO TODAY

Nicholas Dykema, a member of the clothing firm of Sluyter and Dykema, has bought the stock of his business partner and will from now on conduct the business under his own name, which later became Dykema, the Tailor. Mr. Sluyter later moved to Washington State and passed away.

Six bids were received for the building of the new city hall. These were from Rottschaefer Bros., Abel Postma, Frank Dyke of Holland, George Rickman & Son of Kalamazoo, Albert Nichols Co., Lansing, and Kirkman Construction Co., of Chicago. Note: As has been said in previous articles, Rickman & Sons were given the contract for \$57,000. This figure was so surprisingly cheap that no other company began to come anywhere near to it. As we remember it, the company lost heavily on the bid. Today the city hall with all its furnishings, tile floors and all, could not be duplicated for \$125,000. Holland surely struck a building bargain in what has proved to be our most utilitarian project.

### ARM BROKEN IN SWING

Raymond Morren, son of Mr. and Mrs. John Morren of Borculo, fell out of a swing at the Zeeland park fracturing his left arm Wednesday. They were attending the Borculo Sunday school picnic held here that day.

### THOUSANDS VISIT ZEELAND FIRST DAY OF HOMECOMING

Zeeland is all agog and dressed up in its best.

A two-mile parade opened the first day of its annual homecoming celebration. Holland folks were present in large numbers and long before the big parade started the streets were jammed with spectators.

The city streets are garlanded in colored lights and final details are being followed out for the entertaining of the largest crowds ever to assemble at Zeeland. Ten thousand are expected daily.

Opening at 9 o'clock Wednesday morning, the three succeeding days are being crammed full of excitement and amusement. There are merry-go-rounds, Ferris wheels and other features for the children, exhibits to interest every man and woman and a huge pageant of the city's early settlers which will capture the imagination of this generation.

Each afternoon a parade, a baseball game and free acts, including acrobatics and other attractions, are being staged. The main street for several blocks is lined with concessions and all the picturesque things which goes with a fair.

Except for the cattle and live stock exhibits which are in the farm bureau and other cattle barns, headquarters for the homecoming are in the Zeeland High school gymnasium.

Here pioneers and former residents are registering and find rooms and other accommodations. The pageant, which is being directed by Miss Ruth Heifitz, Byron Center teacher, and direct descendant of James Vande Luyt, is being staged on the school campus, where an elaborate loud speaker system and seats for 4,500 persons have been installed.

Among the episodes depicted in the drama are the splitting of the pioneer settlers as they migrated

nearly lost the building opportunity but former Mayor Henry Brusse prevented what would have been a grave error of judgment as time has proved—but that is a story for another time. We have the building, for which we are very thankful.

There are doubtless very few others who have ever had the experience which Rev. Post of Jamestown will have. He has two fine daughters who are to be married at the same time, and an added feature, making it still more unusual is the fact that he will tie the knots himself. Perhaps this reverend gentleman has arranged for this double wedding as a matter of economy. Being the father of the brides he can hardly look for a marriage fee and the arrangement surely saves time and wedding expenses with a double knot at one ceremony with one wedding march, one "I Love You Truly" and the other features that make up a marriage ceremony. The brides are Miss Grace and Miss Anna Post and the grooms, respectively, are Martin Schons of Moline and Walter DeLewer of Jamestown. The marriage takes place in the Jamestown Christian Reformed church, where Rev. Post is pastor.

### FIFTEEN YEARS AGO TODAY

Abbe Nauta has been named superintendent of our Board of Public Works to succeed Carl Bowen, who was city engineer and took charge when Mr. R. B. Champion left to take a position in the east. Mr. Nauta is to receive \$2,500 a year. Note: We might say, Mr. Bowen became surveyor of Ottawa county when our first big road projects, in fact the rebuilding of our entire county road system, began and he is still on that job and has done most faithful and excellent work. After a few years, R. B. Champion was prevailed upon to return to Holland and was very anxious to come back for he loved the place. He remained until he was taken by death two years ago. Enough has been published about this man to stamp him as an outstanding figure in the management of public utility plants, the local properties being an outstanding example and a monument. Well, "Abbe" graciously stepped back when Mr. Champion returned but today is again the superintendent and the affairs of Holland's most valuable asset is in safe and reliable hands.

Willis Overweg paid a fine for running his truck 22 miles an hour. He objected to Judge Robinson, stating that his machine wouldn't go that fast, but then he paid the \$3.00 just the same. Note: 22 miles an hour today would block traffic. Now the authorities make you "step on it" to avoid congestion.

Rev. E. J. Tunk, pastor of Ninth St. Christian Reformed church—"church with big pillars"—preached his farewell sermon and will leave with his family for Englewood, Ill., where he has accepted a charge. Note: Rev. Tunk passed away about three years ago.

The summer colony of dominies at Central Park is breaking up for the fall and reopening at school. Some 40 or 50 persons from different parts of the United States, mostly former graduates from Hope and the seminary, summer around Holland with the largest colony at Central Park. Note: This has been continued ever since until some wag has nicknamed it "Saint's Rest."

### ARM BROKEN IN SWING

Raymond Morren, son of Mr. and Mrs. John Morren of Borculo, fell out of a swing at the Zeeland park fracturing his left arm Wednesday. They were attending the Borculo Sunday school picnic held here that day.

westward and the decision of one group to follow Vanduyt and settle in western Michigan instead of accompanying another group which went to Iowa. Another episode is the great Holland fire of 1871.

Many of the relics of these early days of sacrifice and hardship are being displayed in local stores in conjunction with the pageant.

The Community fair in itself is a great attraction. Directed by Otto Pino, Zeeland high school agricultural teacher, the exposition will include six different departments, farm products, flowers, domestic science, horses, cattle and goats.

Each department has numerous entries and among them are many novelties such as the blossoms frozen in ice, a feature of the flower exhibit.

Another important aspect of the homecoming and fair is the hobby show, which is held under the direction of Hilmer Dickman in the Van Bree store building downtown.

A survey of the vicinity, it is reported, has revealed many unusual hobbies. The exhibit comprised eight persons working at their hobbies.

Other interesting displays and demonstrations are in charge of the Future Farmers of America, a group of agricultural students working under the direction of Mr. Pino.

In the auditorium of the city hall an industrial exhibit showing the many articles which are manufactured in and near Zeeland, is being staged.

Of special interest to farmers in the live stock judging was the horse pulling contests scheduled for each morning at 10 o'clock. The lightweight teams completed Wednesday morning and the heavyweight teams Thursday morning.

## Local Legion Auxiliary Aids Needy

MONEY FROM POPPY SALES  
BUYS CLOTHES FOR LOCAL  
FAMILIES; PROVIDES GIFT  
FOR NEW CHILDREN'S  
HOME

Citizens of Holland as well as in other parts of the state have heard a great deal about Otter Lake, a town where children of World war soldiers are harbored. These little ones are either orphans or children of soldiers who have been badly maimed in action and incapacitated to earn their livelihood. The homes at Otter Lake were built not only for these soldiers' children, but by gifts of the various Legion posts and their auxiliaries in the state of Michigan.

Much of the money going toward the building of these individual homes and also toward the Orphans' Bilet located there has been raised by various drives fostered by the Legion posts or the auxiliary, among those drives being the "Poppy" sale drive which usually takes place a week before Memorial Day. The local Legion and auxiliary have also given their share of gifts to this most deserving cause and Holland citizens who aid the Holland posts in their various drives may feel that by so doing they, too, have donated toward a worthwhile project.

A new home for children has just been completed at Otter Lake, called the Herbert McKinney Memorial Preventorium Home, named in memory of Herbert McKinney who died in Grand Rapids in August of 1933 while attending the state Legion convention there. The home is built especially for World war soldiers' children who are under five years of age. Up to this time the homes at Otter Lake have taken only children of more than five years of age, and it was felt that there was a great need for a home for these tiny folk. The new home is to be dedicated next Sunday, September 9, the program beginning at 3:30 in the afternoon. The guest speaker on the program will be Col. John G. Emery of Grand Rapids, past national commander of the American Legion. Many legionnaires and members of the Holland auxiliary as well as others from this city are planning to attend these dedicatory exercises at Otter Lake next Sunday.

Holland folks who have given toward the drives put on by the local auxiliary often wonder just how much is made and just what the proceeds are expended for, and for that reason Mrs. Edward Sooter, president of the Holland auxiliary brought it would be well to give this information to the press. She stated that the poppy drive, last May netted the auxiliary \$103 and that the money has been used mainly for needy families of soldiers who reside in our own city. The list of articles bought for this money and the families follow below:

A family of six, 2 knickers, 4 pairs boys' hose, 2 sheets, 4 pillow cases, 2 ladies' gowns; paid \$10 towards having a nurse for two weeks.

Family of 6, 4 coversalls, 2 girls' dresses, 3 pairs girls' hose, 8 pillow cases, 2 sheets, 2 ladies' house dresses, 4 pairs boys' socks.

Family of 4, 8 sheets.

Family of 5, 2 pairs ladies' hose, 2 night shirts, 2 ladies' gowns, 3 pairs boys' socks, 3 sheets, 8 pillow cases, 1 pair ladies' shoes and 1 pair boys' shoes; boy's glasses.

Family of 6, 6 sheets, 12 pillow cases, 2 men's work shirts.

To Orphans' Bilet at Otter Lake. 10 towels and 8 pairs boys' socks. A donation of \$15 was also given toward the new Herbert McKinney Memorial Preventorium Home just completed at Otter Lake as already mentioned.

Besides the articles listed above, which were all new, a great deal of second-hand clothing, gathered from auxiliary members and others, was also distributed to needy families of ex-soldiers in this vicinity.

It appears from the various reports from time to time that the Holland Legion auxiliary as well as the Legion are doing "their bit" in benevolent and also in local welfare work.

### CELEBRATING THEIR ANNIVERSARY TODAY

Mr. and Mrs. Jacob Kloosterman will celebrate their forty-fifth marriage anniversary at their home, 120 Harrison street, Zeeland, today.

They are the parents of four children, John Kloosterman and Edward Kloosterman of Beaverdam, Mrs. Mary Krikke of Holland and Mrs. Bertha Roels of Zeeland; also 24 grandchildren.

Mr. and Mrs. Kloosterman were united in marriage at Biesinghe, Province of Zeeland, The Netherlands, on September 6, 1889, and came to America two years later in 1891, locating in Zeeland and later moved to a farm near Beaverdam, now occupied by their son, John Kloosterman, where they resided eight years before returning to Zeeland seventeen years ago.

The local health board in a communication received from the Grand Rapids bureau of the Michigan department of health were informed that milk samples from producers can be accepted only four times a year. Dealers' samples will be accepted every two weeks in the past.

Holland American Legion band, and also drum corps from patriotic organizations march in the industrial parades, comprising more than 50 floats and vehicles.

Of special interest to farmers in the live stock judging was the horse pulling contests scheduled for each morning at 10 o'clock. The lightweight teams completed Wednesday morning and the heavyweight teams Thursday morning.

## COUNCIL NOTES

Alderman Kleis opened the council meeting with prayer after the flag had been saluted by the mayor and aldermen.

The city clerk read the mayor's veto on the milk ordinance fully printed in the Holland City News last week. Chairman Huyser of the ordinance committee moved that the mayor's veto be accepted and filed, which was unanimous.

City Clerk Peterson read a letter from Governor Comstock acknowledging the resolution condemning deep trap net fishing in which he stated had been assigned to the legislative committee for action.

The Citizens' League requested that they be authorized to use the city hall two times monthly. It is doubtful whether this request will be allowed since the building is now overtaxed and welfare work has taken up most of the court room. The matter was referred to the building committee, however.

Carl Bowen of the board of county road commissioners sent a communication to the council, stating that the state highway department had ordered all signs and banners from state highways, trunk lines whether these be in city or country. That means there will be no more banners stretched across River avenue or Eighth street.

Charles Van Lente was allowed a license to run a lunch stand near the sugar beet factory during the sugar beet campaign.

VandenBerg Oil company made a request that they be allowed to install a gasoline pump in the curb of the street at the sugar beet factory. It is stated that this allows sugar beet trucks waiting, to be serviced while waiting to have their beets unloaded.

The Holland Rusk company made application for a building permit to make improvements up to \$85; the Holland Co-op for a \$500 warehouse, and John Greengrove, assistant postmaster, for improvements costing \$75 on his home on Fifteenth street.

Alderman Drinkwater of the Second ward asked that swings and teeters be placed on the Second ward playground for the children in that neighborhood, since they were far away from the regular playgrounds. Mayor Bosch said, "Give the little ones a chance for recreation," and the matter passed.

Alderman De Cook made a motion that the houses owned by the city be given the most necessary repairs. Mr. DeCook enumerated several repairs that should be made, and the council concurred in this action.

The Holland Merchants' association and credit bureau appealed for the enforcement of the moving ordinance, which provides that movers must file with the chief of police a list of those moving into, within or out of the city on stipulated days.

City Clerk Oscar Peterson reported tax collections of \$64,544.34 for the past three weeks and stated between 55 and 60 per cent of the taxes are being paid. The deadline for tax payment is September 20. The mayor and aldermen felt very gratified that tax money was coming in so readily. Taxes will far exceed that figure since many of the large taxpayers are holding off until the deadline.

### BUILDING AND LOAN MOVES TO NEW QUARTERS

The Ottawa County Building and Loan association, for many years located in the First State bank building, has moved to the Model Drug store building with offices on the ground floor on River avenue, formerly occupied by the Indian Trail Bus Line. The place was remodeled and redecorated for that purpose, and all the office equipment, including the 5,000 pound safe, was moved over. The new quarters have a lobby and private quarters for consultation and is in charge of John Post, secretary and treasurer.

The Ottawa County Building and Loan association is an old establishment doing business here for nearly 50 years. The officers are Lewis J. Vande Burg, president; Charles Van Zyl, vice president; Jacob Zuidema, second vice president; John Post, secretary and treasurer, and Vernon P. Ten Cate, attorney.

Mr. Post invites citizens to drop in and look over the new headquarters in the Model Drug store building.

Miss Mae Edna Beekman, daughter of Mrs. Gerrit H. Beekman of Holland, and Edward E. Roeks, son of Mrs. Henrietta Roeks of Zeeland, were united in marriage Saturday evening at the home of Rev. S. Vander Werf of this city. They were attended by Mr. and Mrs. Gerrit Roeks of Zeeland. Mrs. Roeks, for the past several years, has been employed at the local Bell Telephone office. Mr. Roeks is in the poultry business in Zeeland.

Mrs. John Kempker was guest of honor at a shower given by Mrs. Fred Kempker and Mrs. Kathryn Koop at the Fred Kempker home at 25 West Twelfth street. In the games played prizes were awarded to Miss Margaret O'Leary, Mrs. John Van Nul and Mrs. John Kempker. ## CITY TAX DEADLINE IS SET AT OCTOBER 15TH

Taxpayers at Grand Haven were given another month in which to pay the annual summer tax when the council last night extended the time from September 14 to October 15. The city clerk recommended that the date set last year, October 20, be changed as it gives insufficient time in which to re-prepare the delinquent taxes on the winter rolls. Up to August 20 the taxes collected totaled over \$22,000 on a budget of \$112,000. Holland's "dead line" is September 20.

## NORTH HOLLAND

## LOCAL CHRISTIAN SCHOOLS STUDENTS TOTAL 750

The local Christian schools opened their doors Tuesday morning with a total of 750 students enrolled, 215 of these being in the high school, 110 in the junior high school, and 425 in the grade school. The teaching staff is the same as in 1933 with a few exceptions.

The high school students were addressed by Rev. L. Van Laar in their assembly Tuesday, the subject of the address being "God's Covenant Promise to His People." Opening exercises were also held in the other schools Tuesday.

## ABSENT VOTERS' BALLOTS MUST BE IN SATURDAY

City Clerk Oscar Peterson states that applications for absent voters' ballots for use in the primary election next Tuesday must be presented not later than Saturday. The requests must be in person or by letter.

He states that although Saturday noon at which time the clerk's office is closed for the day, is the deadline, letters placed in the mail on Saturday for Monday delivery will be taken care of. The request must also state what party ballot he wishes to vote.

## CHRISTIAN LABOR ASSN.

The local division of the Christian Labor association will hold its regular meeting in the Seventh Reformed church at Pine and Fourteenth street on Monday evening, September 10, at 7:30 o'clock.

Rev. D. Veltman, pastor of the Beren church, will be the speaker. He will speak on Article I of the Program of Action of the C. L. A. This article deals with our present economic system.

It tells how our present economic system suffers by abuse. Should a new system be introduced? Or should we strive to make our present system better? These matters will enter the discussion.

Rev. D. Veltman is well posted on the problems of our social and economic life, and will bring a message worth hearing for everyone interested in these problems. It will be of special interest to the Christian laboring man.

The local division, of which Marinus Mulder is chairman, extends a hearty invitation to the general public, both men and women.

We need to have the light of God's Word shed on these vital social problems in these days of stress. Both capital and labor have their privileges but also have mutual responsibility. They need one another. There must be co-ordination else we are bound for chaos.

Henry Luhrs, Grand Haven, was arrested by city police officers and charged with hit and run driving. He is alleged to have hit a parked car on Fulton street, owned by Walter De Witt. This was the only traffic accident to mar a perfect Labor Day record, as no other accidents were reported to the city police, sheriff's office or state police.

## Fitzgerald Is A Clean Campaigner

## GOES TO VOTERS WITH LARGEST ENDORSEMENT EVER GIVEN A CANDIDATE

Frank D. Fitzgerald, Michigan's secretary of state, who has visited Holland repeatedly and left a favorable impression, is to come before the voters of Michigan as a candidate for governor on the Republican ticket next week, Tuesday, September 11.

This unusual, clean candidate had his name presented before the primaries with a petition containing 430,000 names, endorsing his candidacy. This is the largest petition ever presented by any candidate for any office in the state of Michigan at any time, that we know about.

The popularity of Mr. Fitzgerald was evident in Michigan when the big Democratic landslide in this rock-ribbed Republican state defeated every Republican candidate by thousands upon thousands of votes. Frank Fitzgerald was the lone Republican candidate on the state ticket to be elected in Michigan at that time.

Mr. Fitzgerald has been making several speeches about the state before the coming primaries, and a noticeable feature that is outstanding is the fact that in all his speeches he has not been personal nor has he maligned fellow candidates on his own ticket. All he has done is give his own viewpoint of how he believes the office of governor with the help of the legislature, which is a part of the state government, should be conducted.

Within recent years Republican candidates were prone to malign one another, telling of the shortcomings and the failures that their respective fellow candidates had made of their public trust. The primary over, there was a "love feast," but the battle as a rule had just begun, for the Democrat had only to dig up malicious statements broadcast by Republican candidates about their fellow candidates, and with these Democrats came before the people with the evidence of what prominent Republicans had said about their own nominees—successful at the primaries.

The Democrats are having a taste of that kind of battle in their own ranks this year.

On the other hand, Frank Fitzgerald has refrained from that sort of campaigning and has confined his utterances to how he would remedy the conduct of state affairs, thus bring about necessary economy and through it relief to overtaxed citizens.

From a recent speech at Grand Rapids we quote the following from the Grand Rapids Herald:

(Grand Rapids Herald)

Frank D. Fitzgerald, Michigan's secretary of state, who is seeking the Republican gubernatorial nomination, presented his candidacy before a crowd of well wishers at the rally and barbecue held under sponsorship of the Young Men's Republican clubs of the district at Ramona park.

Characterized by the modesty with which Mr. Fitzgerald has conducted himself during the 22 years he has been engaged in public service, the candidate, with no pretense at oratory, catalogued his experience and in his matter-of-fact way assured the audience that if nominated and elected he will give the state the very best that is in him.

"I am making but one promise," Mr. Fitzgerald said, "and that promise is not to bring more to any group or clique or faction, but to the people of the entire state. That is that I will take the responsibility of this high office seriously.

"I will devote every ounce of my energy to give the people of the state an honest, efficient, businesslike administration, and I intend to keep that promise if elected."

During his talk, the candidate advocated strict economy, elimination of unnecessary boards and commissions, establishment of a central inspection department to reduce the number of state inspectors, repeal of the head tax, return of the entire 15 mills to local governmental units and abolition of the state property tax and modification of the sales tax to relieve the burden on necessities.

He also favored reduction of the weight tax on light, noncommercial trucks, particularly farmers' vehicles.

"I am ever mindful of the tremendous responsibilities that will be faced by the chief executive who assumes office Jan. 1," the candidate stated, "and in presenting my candidacy to the citizens of Michigan, I do not claim to be a miracle man with a cure-all for our present distressing and economic problems, nor do I present my candidacy on the basis that I am the lone and only man in Michigan qualified to be the governor of our state, for there are many men who by training and experience could serve our state well in that capacity.

"I do, however, present my candidacy on the basis of my present and past public service in the executive positions I have held during the past ten years. I believe that I can bring to the office of governor a background of experience in governmental affairs acquired over a period of 20 years in public service that will be of benefit to the people of our state and will enable me to give an efficient and businesslike administration of your affairs.

**Firm Hand Needed.**

Continuing, Mr. Fitzgerald said: "A firm hand will be needed in meeting and solving the problems which confront us. One must be able to say 'no' and mean it, and yet a sympathetic ear must be ever available to the troubles and problems of our average citizen, that great unorganized group for whom there is no direct spokesman other than the public official in whom they place their confidence to give them a square deal.

"Administration of government must be conducted along different lines than during the years preceding 1929. Those were spending years. Millions of dollars were flowing into the state treasury. Every man able to work had employment. Tax delinquencies were almost nil. But the time is now here when actual, not oral, economy in government is needed.

"We are now governed altogether too much by boards and commissions; a condition which has grown up over the past few years. These commissions and boards exercise authority in government over which the people have no voice or control. This system not only removes gov-

Frank D. Fitzgerald

ernment one more step from the people, but it also decreases governmental efficiency and increases the expense of operation.

**Unnecessary Inspection.**

"There is a great deal of entirely unnecessary inspection work being done by the different departments and commissions. An inspection department should be had with a few trained men making only necessary inspections. One trained man in a well-organized department will accomplish more than 10 men under our present system.

"In this connection I wish to say that I am in sympathy with the principle of the old age pensions and the old age pension act must remain on our statute books. We must repeal the head tax for it is not only impractical and uncollectable, but it is un-American as well.

"All unnecessary activities of government must stop and thereby put a halt to the unnecessary drains being made upon our state treasury, the most glaring example being the administration of the old age pension act to date, which amount cost nearly as much to collect as was taken in for the aged.

"The present administration is claiming the credit for reducing your state taxes \$20,000,000. But as a matter of fact, they did no such thing. The people themselves reduced their state tax when in 1932 they adopted the 15-mill limitation amendment to our state constitution.

"The state reserved 7-10 of a mill as a state levy against property, amounting to \$3,500,000.

**A County Prerogative.**

"This sum should not be again levied. The state should not levy a tax on property. The 15 mills should be in its entirety for local units of government. By eliminating the state tax the question of tax payments and tax delinquencies can be put back to the county line where it should be.

"It is generally recognized, and we must face the fact, that the operation of our public schools for a full school year is an obligation of the state.

"Our public schools must operate without interruption. An equalization feature must be written into our school tax laws which will permit a child to be given a public school education in one part of the state at the same cost as in another part of the state.

"I am awake to the fact that the tourist trade is a major factor in our business life. In fact, our tourist business is the second largest industry within our state. We must not take any action that will interfere with or interrupt the progress of this great business.

"While our state property tax has been lowered \$20,000,000, we are raising it in its stead in the form of a sales tax, revenue which is estimated will reach \$36,000,000; an estimated revenue of \$8,000,000 liquor tax, and an undetermined amount from the head tax.

**Would Amend Sales Tax.**

"The present sales tax law is a burden and it must be amended and modified. It places too heavy a burden on the living expenses of every citizen. Foodstuffs should be exempt from its provisions. By drastic reduction in government expenses this can be accomplished. Proper exemptions must be made so the farmer and manufacturer will not continue to be penalized by paying this tax on tangible personal property used in the processing, producing and manufacturing of a saleable revenue property, which is ultimately to be sold at retail and the 3 per cent sales tax collected thereon.

"The present administration and interpretation of this law leads to double taxation in many cases. "Michigan must arrange its tax program so that all state requirements will be met from revenues received other than by a property tax.

"Too much attention has been given to thinking up new ways to secure revenue and too little attention to where we can cut our expenditures. We must reduce our expenditures to meet our income. Our present state bonded indebtedness calls for an annual interest payment of \$3,951,000. This means that the people of the state are paying an interest charge alone each month of \$327,500; \$10,825 per day, and \$450 per hour. Our better judgment tells all of us that we cannot long continue on a basis of this kind.

**Would Cut Weight Tax.**

"As the people of this state know I have long advocated a reduction in the weight tax on motor vehicles. I have pointed out the unfairness in exacting from the motor vehicle owners of Michigan a rate which they could ill afford to pay and in some cases could not pay."

Frank Fitzgerald has been in Holland repeatedly—in fact he has been a guest of this city at Tulip Festival on at least two occasions and expects to be here during the coming campaign. He has always made a favorable impression here.

Miss Joanne Knoll, daughter of Mr. and Mrs. Harm J. Knoll, and Joe Roerink, son of Mr. and Mrs. H. J. Roerink, were united in marriage Friday evening at the home of the bride's parents. Probate Judge Irving Tucker of Allegan officiating.

Mr. and Mrs. Ben Mulder and Miss Lucille Mulder, formerly of Downsville, moved to Holland Tuesday to spend Labor Day with Mr. and Mrs. Roy C. Boardman.

## NOMINATE A Republican Congressman Who Can Win A MISTAKE Should Not Be Made.

There are two candidates from Van Buren county. You know they will split the vote and each will destroy the other's chance of nomination. Impartial observers say that the nomination lies between the Berrien candidate and Clare E. Hoffman of Allegan.

The Berrien candidate is a mighty fine gentleman, honest and conscientious, but something more than that is needed at the next session of congress. An arm-chair congressman would be alright in ordinary times, but today we must have someone who can publicly, as well as privately, make an intelligent and courageous fight to protect us.

Clare E. Hoffman, Allegan candidate, not only has the integrity and the determination, but, in addition, he has the ability to express logically, clearly and forcibly, either in writing or by speech, privately or publicly, his views, which are sound as well as progressive, and he can and will if nominated, conduct a campaign that will be a vote-getter for the whole Republican ticket and if elected, he will be able to meet and repel the bitter and continued assaults of Democratic Congressmen at Washington on our constitutional liberties.

Allegan county has not had a Congressman in thirty-six years. She has always furnished a substantial Republican majority.

Allegan county, Allegan county, will cast an overwhelming vote for Hoffman. During the Primary campaign he has spoken for the Republican Party, more than for himself. He can do more to aid the Republican Party in winning this election than any other candidate.

This is not an anonymous advertisement, published by a "Committee," as is frequently done. The names of our officers are given.

We solicit your support for our candidate.

COUNTY TREASURER

Mr. Meyer is equipped with a business college education and 10 years experience in the offices of the Holland Furnace Company. He is looked upon as an able accountant and a particularly well fitted to fill the office of county treasurer. Mr. Meyer is a World War veteran.

## Small Crowd Greet Former Governor Here

WAS NOTICEABLY DISAPPOINTED, BUT PEOPLE WOULD STAND OUT-DOORS IN RAIN

To be exact there were 35 at the Centennial park meeting when three times Governor Alex Groesbeck arrived from Grand Haven at 3:15 p. m. in a drizzling rain and spoke from the steps of the Masonic Temple. He was noticeably disappointed at the small attendance when William M. Connelly, Holland's "greeter," introduced the ex-governor, who said in part as follows:

"I am a candidate for governor at this time," he stated, "because I hate injustice; I hate luxury in public endeavor, I hate inefficiency. "As my duty as an individual to right many of the injustices which have occurred in state affairs during the past two years, I have been persuaded to seek the office of governor again. In the six years I occupied the office I believe I have no need to tell you that I worked hard. The office is a difficult one and bound to attract criticism. One thing in public work the honest official must seek is justice for the great majority. It is hard to oppose interests that would get control of the state, it is hard to say 'no' to one's friends, it is necessary at times to be hard."

He pointed to the various road jobs through the state that have been left uncompleted. He stated that he had been one of the leaders in building Michigan highways in the old days and had but one thought and that was "to get Michigan out of the mud."

Unfinished projects are but little things in themselves but they indicate what is going on in the state highway affairs.

"Pick experienced men for legislation, men with good judgment, men with a fair amount of experience in public affairs, who know how to accomplish the things that you want done in your legislature," he urged.

He cited the head tax as an example of inexperienced legislation. The attachment of a jail sentence for the non-payment of the head tax injected a principle of taxation never injected before and which must come out.

"A more just, a more fair way to finance the old age pension must be found than is incorporated in the present law which exacts from men earning but small wages, the \$2 per year levy." He pointed to the taxation of necessities through the sales tax, which in peace time has never before been enacted, as a gross injustice to the working men, who have been reduced in working hours and in pay.

Mr. Groesbeck spoke about ten minutes and then left to make a speech at Zeeland.

The Meeuwse reunion, which was to be held at Jensen park on Labor Day, was held in the Community hall there on account of the inclement weather. There were about 125 members present. At the business meeting the following officers were elected: S. Meeuwse of Holland, president; Levi Meeuwse of Zeeland, vice president; Mrs. Simon Meeuwse of Holland, secretary and treasurer.

## DEMOCRATIC CANDIDATE FOR CONGRESS IN CITY

Russel J. Boyle of Grand Rapids called on citizens in Holland today and states that he is an active candidate for the nomination of congressman of the Fifth district on the Democratic ticket. Mr. Boyle prides himself on having married a Dutch girl and with her joined a Dutch church at Grand Rapids. He spends his summers at Eagle Crest park where he has a cottage. He stated that he started his political career first when he was a candidate for mayor in the city of Grand Rapids last spring, and ran neck and neck with the old mayor, John D. Karel, who was defeated by the present mayor, William Timmer. Mr. Boyle stated:

"My platform can be stated in a very few words, namely that the man from the Fifth district should work shoulder to shoulder with Franklin D. Roosevelt."

He lauds Mr. Roosevelt and his accomplishments, and in closing his interview he stated: "Let's keep in step with the new deal."

Mr. Boyle at one time was identified with the Grand Rapids Herald. Today he is campaigning through Ottawa and Kent counties, stating that he is 100 per cent for Roosevelt and his policies.

Do You Want an Undertaker for Coroner? When a person who has not had medical attention dies, a coroner must be called to determine the cause of death and whether a crime was committed.

OUR PRESENT CORONERS ARE UNDERTAKERS, and while they have no special knowledge of the causes of death, they can sign a death certificate and hold the funeral without delay. They are on the job, as they say, day and night, but in many instances where an undertaker is allowed to be coroner, the paramount motive is the obtaining of funerals for their own profit. AN UNDERTAKER HAS NO BUSINESS AS CORONER, as commercialization often creeps in when undertakers hold this office.

## SOCIETY NEWS

Shirley Overil Fairbanks, daughter of Mr. and Mrs. Austin Fairbanks, and Olin Walker of Holland were married at the Fairbanks home, known as the "Old Wing" Mission Farm on Monday afternoon.

Mr. Fairbanks, father of the bride, who has been justice of the peace for many years, performed the ceremony which took place before an arch of potted plants, and colorful goldenrod and golden glow.

The bride was attended by Miss Helen Miles of Holland, the groom being attended by Wesley Jackson of Wayland.

Little Miss Constance LaHuis and Master Alan Garvelink, niece and nephew of the bride, were flower girl and ring bearer, respectively. Mrs. John La Huis, sister of the bride, played Mendelssohn's wedding march as the bridal party entered the beautifully decorated room and took their places before the arch prior to the saying of the marriage vows.

The bride's dress of orange and brown and the dress of light yellow worn by the bridesmaid were a harmonizing combination, with floral bouquets of asters, roses and swainssona adding considerably to the whole.

Following the ceremony the Misses Beatrice and Mary Fairbanks sang "At Dawning," accompanied by William Welmers.

Miss Shirley is the third daughter to be married by Mr. Fairbanks, while a sister and a nephew were also married by him.

Mrs. Walker is a graduate of Holland High school and Ypsilanti Normal. She has been teaching for the past two years. In the Methodist Episcopal church of which she is a member, she is an ardent worker in Sunday school and Epworth League. She is also a member of the church choir.

Mr. Walker is also a graduate of Holland High school, Ypsilanti Normal, and a member of the local Methodist church.

A group of friends gathered at the home of Mr. and Mrs. Arthur Goodes Monday evening, the occasion being the twenty-seventh wedding anniversary of the Goodes. It was a pleasant surprise, especially

**CHARLES BASSETT**  
—for—  
**Representative**

Voters of Allegan County:  
Next Tuesday you will choose a Republican candidate for Representative in the Legislature and your choice will be between three men who stand high in their several communities.

Hon. Arthur Odell, our present Representative, is completing his fourth term, eight years, in the Legislature and he is a man of high character. If you feel that he has become an outstanding member, strong in debate and with the necessary energy to secure results, you will be justified in voting for him.

Edwin D. Lyman is another high-class citizen. In the last election he was selected supervisor of Casco township, running on the DEMOCRAT ticket and defeating the regular Republican nominee by a small majority. In the recent county DEMOCRATIC primary he received several votes for Representative on the DEMOCRATIC ticket, but Editor Towns of Osago was finally endorsed. So Mr. Lyman is now asking your support for that office on the Republican ticket. If that is your ideal of a political candidate, you should certainly vote for him.

In presenting Charles Bassett as our candidate, we are naming a native of Allegan who is outstanding whether as a teacher, editor, fruit grower, agricultural leader or public servant. He has been an active Republican for 40 years and this is the first time that he has asked for his party support for an elective office. Few men have had his national experience and his ability as an agricultural leader has been recognized in every one of our 48 states. His experience in legislative matters has been wide and very successful. He has a keen mind, speaks in a clear and convincing manner and has the necessary energy to secure desired results. Allegan county will never regret his election, for he is a "go-getter."

So be sure to go to the polls next Tuesday and vote for your own interests, by making a cross in the square in front of the name of

### HAMILTON

Despite adverse weather conditions and other interferences the annual Labor Day celebration was very successful. Several thousand attended the festivities at Sal's Grove Monday afternoon and evening.

The morning program of ball games could not be staged on account of wet grounds. However, a game was played in the afternoon with Hudsonville opposing the local team. The day was still in poor condition, making it impossible for the teams to play their usual games, in which the visitors defeated the locals by a 7-to-2 score. Callahan and Haakman formed the battery for the home team. The afternoon program at the grove was opened with community singing, led by Henry Hoffman of Holland. A colored male quartet from Kalamazoo and a mixed quartet from South Haven furnished the music and were enjoyed by the crowd. Because of a death in his family Hon. Kim Sigler of Hastings was unable to be present. His place on the program was taken by Dr. Swift of Middleville and Mr. Newton of Lansing.

Clare Hoffman of Allegan also gave a stirring address during the afternoon program.

The largest crowd gathered for the evening program, which consisted of musical numbers, readings and the Celery Queen contest. Although a light rain fell throughout the evening the crowd seemed to increase until a late hour. The various stands were kept busy and the crowd was in a happy mood. At the close of the afternoon program a large number of races and contests were held, outstanding among these contests being the cow-calling contest for men and the nailing for women.

A large number of prizes were distributed. These were given by business men of Hamilton and vicinity. Some very valuable prizes were given the holders of lucky numbers. One of the main features to interest the crowd was the Celery Queen elimination contest, which was held at the close of the evening program. There were nine entrants. A cash prize of \$10 was offered the winner by the Hamilton Brittle Brand Celery Co. A prize of \$5 for the second-place winner was given by the Riverview Celery Farm, and a third prize of \$3 for the third place by Diamond Brand Celery Co. Sophie Eding, daughter of Mr. and Mrs. Henry Eding, Jr., became the Celery Queen of Hamilton and winner of first prize. She will be the local representative at the Allegan county fair to be held soon.

Second place was won by Alma Jean Schumma, while Mildred Kaper received the prize for third place.

The committee on stands report a busy day and wish to express their appreciation to the crowd for sticking with them in spite of the rains. It is not known at this time how the welfare association has come financially. A meeting will be held next week when a full report will be given. However, everybody is happy at the fine spirit which was shown by everyone and we have found out that there are lots of folks here with a splendid community spirit and also that we have a lot of fine friends around us who are willing to stand by at all times.

And the prominent feature in connection with the celebration was "the terrible and unbelievable condition of M-40" between Holland and Allegan. Many expressed surprise that authorities of the state would allow a road so prominent to remain in such a condition. If Lansing is still in doubt in regard to the need of a surfaced road there are plenty of folks who will be glad to give them information for which they seem to

FORMER CONGRESSMAN KETCHAM SUPPORTS CLARE E. HOFFMAN

The following wire was sent to Judge Tucker over the Western Union:

"Hon. Irving J. Tucker, Judge of Probate, Allegan, Michigan:

"In response to your inquiry of September 4, believing that the outcome of the California primary constitutes the most serious threat in recent years to American institutions, and particularly to home and farm owners, I have decided to support Clare E. Hoffman for the Republican nomination for congress. He has always been known as a hard fighter. Recognizing the excellent qualifications of the other candidates, it, however, appears to me that the present situation demands the fighting qualifications in a congressman which he possesses, and for that reason I am supporting Mr. Hoffman.

"Sincerely,

"JOHN C. KETCHAM, "Former Republican Congressman of Fourth District.

DEMOCRATIC CANDIDATE FOR CONGRESS FORMER GRAND HAVEN MAN

Peter J. Danhof, Democratic candidate for congress, was born in Grand Haven. He is of Dutch descent, learned the tailor trade in his father's shop. Later he worked for the Grand Haven Lumber company and had entire charge of their offices. Later he engaged in the lumber business with his brother, the late James Danhof, probate judge of Ottawa county.

Peter J. Danhof, graduated from the University of Michigan law school in 1888. Later he became prosecuting attorney of Ottawa county and city attorney of Grand Haven.

After taking up residence in Grand Rapids he became superior court judge of that city.

CARL MAPES

Carl Mapes, who is intimately acquainted with the entire Holland and Ottawa county citizenry, is up for renomination as congressman of the Fifth district, which he has so faithfully and painstakingly served for a score of years.

Mapes has the love and respect of his colleagues at Washington regardless of what party they belong to. They seek his council and rely upon his judgment.

Years of experience at Washington has placed him in a position to help along constructive legislation for the nation at large as well as for his constituency. It is said of Mr. Mapes that he has never failed to answer a letter from his home folks, and that he has especially paid undivided attention to needy requests from the soldier citizenry. Twenty years in congress is indicative of the confidence which citizens generally have in him.

Says the Zeeland Record:

"Eleven times the district has nominated and elected Mr. Mapes, and now that primary time again is rolling around, he is doing little campaigning, but merely pointing to his twenty-two years of service and leaving it to the discretion of the voter as to whether or not he has served his country and his district faithfully and well. Congressman Mapes doesn't think there should be any question in the mind of any person as to the desirability of retaining in service any representative who has continued to give efficient service."

"He points to the Texas delegation in the house as a shining example of the advantage of long service. The Lone Star state has served a score or more years and as a result has a delegation possessing a background of experience that stands it in good stead. Congressman Mapes saw his first service at the special session called by President Wilson on April 7, 1913, and since that time he has been one of the busiest representatives in the national capital."

Regular meeting next Wednesday evening, at which time we will make plans for the joint installation of officers with the other posts in the county.  
And also talk over the plans for the state convention.  
The county council met last Friday evening. Our commander invited the boys to meet at his house. The meeting was given over to the installation of officers. Of course, the usual run of outside subjects took up some time.  
We make public apology for not notifying Louis Dalman in time for him to come. Not that he had anything to bring up, but he learned that he missed a good lunch. Here's hoping he cools off by next week.  
The Zeeland post and their auxiliary operated an eating stand at their home coming. It seemed to be the only place that folks were spending anything outside of the evening.  
Another thing that was not mentioned in last week's issue was that the Fifth district endorsed the present state finance officer, Al Joldersma, to succeed himself in office.  
If you have a new idea on how to arrange programs for the meetings this winter, or any other bright ideas, let us hear them next week.  
Those Legionnaires who stayed at home from the district caucus at Grand Rapids, it appears, were fortunate. They saved themselves from either overeating or ptomaine poisoning if Ed's case was any criterion. It is understood that Ed is planning a trip to Hamburg, Germany.

## Violations of The Game Laws Climb Again

FISHING LICENSES CAUSE  
MOST ARRESTS; 130 OF  
THEM FISH WITHOUT  
50c LICENSE

Violations of state fishing laws made up nearly 90 per cent of the arrests by conservation officers during July, according to the monthly report of the department of conservation. The dominating offense was fishing without a license. Of 316 violations reported by officers, 130 involved that charge.

Total number of arrests for fishing violations was 283. The other arrests were divided as follows:

Hunting violations 27, interfering with an officer 2, operating a motorboat in a reckless manner, failure to make fur reports, carelessly setting a fire and burning without a permit, 1 each.

Fines totaling \$980.65 and costs amounting to \$1,959.65 were assessed; 545 days of jail sentences meted out; 10 men were placed on probation; 4 cases were dismissed; 1 was adjourned and 1 was lost, according to the report.

The phenomena of public reaction to conservation laws, particularly the law requiring all residents over 18 years of age to purchase a 50-cent fishing license, has been observed closely by the department of conservation since the first of the year. Especially since the law is getting its first full-year test.

Although the license fee is considered small enough to be within the reach of all, more arrests have been made for failure to purchase the 50-cent license than for any other violation, reports show. The large numbers of arrests, it is believed, is due mainly to ignorance of the laws and neglect and it is felt that another year of enforcement will result in a more widespread understanding with resultant less violations.

The taking and possession of undersize fish, blue gills in most cases, resulted in 85 arrests during July. Most of the cases reported were in the southern half of the lower peninsula.

Other fishing law infractions were: Exceeding catch limit 10, taking muskellunge without a license 8, possession of illegal white fish 6, non-resident making false statements to obtain resident license 5, operating unlicensed fishboat 5, illegal use of seine 5, selling minnows without license, dynamiting trout stream, exceeding legal number of lines and possession of short pickered, 4 each; illegal use of setlines, illegal dipnetting, 3 each; sale of undersize perch 2, spearing brook trout, possession of set-fishing in an inland lake in closed season, 1 each.

Officers confiscated 730 pounds of illegal fish, most of which was white fish, and gave it to welfare agencies and state institutions. Fishing equipment confiscated during illegal use included 200 hooks and lines, 4 rods, reels and lines; tackle box, 60-foot seine, gill net and creel.

Possession of firearms in closed game area without a permit topped the list of hunting law violations. Seventeen individuals were taken on this charge, officers confiscating 14 guns, including two double-barreled shotguns and two .22 caliber rifles. The others were high-powered deer guns. Other hunting violations listed were: Killing deer, possession of pheasant, possession of cub bear, hunting without a license and attempting to kill migratory birds, 1 each.

"SITTING TIGHT" SAVES THE PAYROLL

The weekly payroll of the Holland Craft shops was saved from the hands of two would-be robbers by Mrs. Adolph Steil, Jr., wife of the owner, who was acting as payroll messenger, who outwitted the pair. As Mrs. Steil left the Holland City State bank Saturday with the payroll, she noticed two men loitering near the entrance on River Ave. She got in her car and, after driving a block north on River Ave., slowing up because of traffic, two men jumped on the running board, one of them snatching her purse. Finding no money, they asked for the cash, one of them putting his hand in his pocket and pretending he had a gun. "I went to the bank to deposit some money, not to take it out," she answered. Ordered to leave, Mrs. Steil drove to the factory and carried on. Police are working on the case from descriptions given by Mrs. Steil. Who says that "sitting tight" don't pay?

## THIS TURTLE FAILED TO GROW IN 46 YEARS

Forty-six years ago Bert E. Dalrymple of Buchanan, Mich., found a turtle and after carving his initials on its back turned it loose. Today he believes he is in possession of the same turtle which, though apparently no larger, still bears faint traces of the initials carved so long ago. It was brought to him by a 12-year-old boy who found it in a thicket about a quarter of a mile from the place where Dalrymple turned his turtle loose back in 1888.

## Save Seed Stocks Supply Is Limited; Do Not Empty Bins

One of the by-products of the 1934 crop season will be a scarcity of adapted seeds if care is not exercised in saving for seed all varieties suitable for that purpose, according to the farm crops department at Michigan State College. The lack of livestock feeds will complicate the situation because grains will be fed which might otherwise be carried through the winter and be available next spring. Michigan will have to depend almost entirely upon her own resources for next year's seed stocks. Seeds are scarcer in many other sections; and, areas where surpluses are held do not all produce seeds which are adapted to Michigan conditions. The federal government, in some sections, is buying seed stocks and holding them for distribution next spring. That source should not be depended upon by Michigan men.

Michigan grains this year, while short in yields, were quite good in quality. Seed oats and barley stocks should be removed from the feed bins now. Farmers who do not have suitable seed should attempt to find good stock in their own neighborhood and get possession of it before it is used for feed. There does not appear to be any chance that seed prices will be lower any time between now and seeding time. Seed corn, grass, clover, and alfalfa seeds will not be too plentiful. Arrangements should be made to insure a supply as soon as possible. Seeds for emergency crops, soybeans, Sudan grass, and Reed canary grass, should be husbanded carefully. Store all seeds where there is no chance for loss from weather, insects, or rodents. Good crops can be raised from thin seedings of high quality seed.

## \$275,000 Will Go for Road Projects in Allegan Co.

U.S.-31-Bridge and Hamilton and at Saugatuck Are in Program

Expenditures totaling \$275,000 are scheduled for the extreme western part of the county on highway U.S.-31 and two bridges, according to a report from Lansing. Expenditures are to be made under the 1935 Cartwright Bill federal grant for Michigan but they are tentative and depend upon investigation of each project by federal representatives. However, preliminary endorsement has been given.

Construction on U.S.-31 is scheduled from the north county line south six miles at a cost of \$120,000 and calls for widening of the grade and bituminous concrete surfacing.

A bridge at Douglas and Saugatuck costing \$100,000 is included as is a \$55,000 bridge planned for the Rabbit river at Hamilton.

"This approval is tentative," said Commissioner Van Wageningen. "It covers the program as submitted by us. The federal action is subject to later investigation of each project in the field by federal representatives and may, in such instances, be reversed because of right-of-way limitations or other similar situations. In the very large majority of cases, however, the approvals no doubt will stand."

The highway department will be ready to start forwarding plans on some of the projects this week. It is anticipated that a considerable part of the 1935 program will be under contract during the present construction season.

The entire program covers the expenditure of the federal direct grant to Michigan of \$6,452,568, and under the terms of the Cartwright bill. According to that bill, it is the last of the direct federal highway grants, since the bill required, that for the ensuing two years, the state must match federal allotments.

## Wright Township Farmers Specialize in Melons

A number of the farmers of the north part of Wright township, just a little ways southeast of the village of Conklin, have been raising muskmelons for the last two or three years, last year being their first attempt to raise them on a large scale; and as it proved reasonably successful, they went into it on a larger scale this year, taking advantage of the experience gained before. It has involved doing a lot of work, having the soil analyzed and securing the elements needed to bring about the best results. This has been done, and the melon farmers have succeeded in getting markets for much of their product.

It seems rather strange to hear about selling muskmelons by the bushel, but that is what they are doing, and the melons must be graded, so that they are uniform in quality. These melons are just beginning to go on the market now, and they expect that in a week or so they will be at the height of the season.

There are about one hundred acres of muskmelons in the neighborhood, and we give below a few of the farmers who are interested in the project: Boyd Brittain, L. Perrin, Frank L. Stephens, Chas. and Otto Kluting, Fred and Louis Schoenborn, August and Peter Schoenborn, John Dietrich, Walter Umlor, John Bauman, Ed. Host and Doty and Sons—Coopersville, Ohio.

## Grand Haven Garden Yields \$10,000 Worth

WELFARE PROJECT GOES  
OVER BIG AT SMALL  
EXPENSE

(Grand Haven Tribune)

The municipal gardens this year are estimated to be worth \$10,000 to the support of welfare charges in Grand Haven and to those employed people who have profited by working plots there this season. This is the third year of the plan and despite the drought of the summer, the cold of the spring and the low temperatures of the past month, it is the most successful thus far, it is reported.

An estimated expenditure of \$1,000 has been made by city officials for improvements, which, compared with the harvest, is a small investment, it is believed. As much of the cost this year was for permanent improvement, it is believed the future will demand much less and the returns, therefore, will be greater.

There are 265 gardens being worked this year. Of these 160 are worked by employed families, 95 welfare families and the city has five. Grading the gardens recently by William Weststrate, expert, who has been in charge this year, shows 200 were excellent, 55 good, 22 fair and only eight unsatisfactory. The produce from the plots averages about \$40.

Officials believe the gardens would have but one-third the present value if the city cannery were not operated in conjunction. The number of cans will exceed 35,000, it is estimated. The cannery began with a capacity of 350 cans and has been increased to 800. Modern equipment has been installed and a state expert, recently visiting here, stated it was the best equipped in the state. Huge baskets of vegetables are gathered at night, usually by the men in the family, and the next day most of it is preserved at the cannery by the women.

Suggests Building

The success this year has been so satisfactory that Alderman Boon recently suggested that brick from the old Akeley buildings be used to construct a municipal building that will make the cannery a permanent project.

Modern methods have been used at the gardens, conducted by Mr. Weststrate, a national champion potato grower in 4-H club work, which have a very great benefit. The yield of potatoes from two rows of 86 hills sprayed for blight, only was 183 pounds or an average of 370 1/2 bushels per acre. Adjacent two more rows were cultivated in identical manner but were sprayed for blight and hoppers burn with a 5-6-5 mixture of lime and bordeaux mixture. The yield was 196 pounds or 474 bushels an acre. It is estimated the extra yield cost but seven cents a bushel. Further tests showed fertilizer increased the yield 161 bushels an acre.

The soil of the island is rich in nitrogen, is well irrigated and during the past summer, when gardens in this section were burning up for lack of rain, the Paradise Island gardens were flourishing. Another advantage is said to lie in the river mist which minimizes frost in the spring and fall.

The island is being purchased by Mayor Lionel Heap on contract from Charles Johnson, the price is \$4,000, which is to be paid for in five years at \$800 per year and no interest. Those who are employed pay \$3.00 per plot and many who have not been engaged during the summer, or who have leisure hours, have taken advantage of the opportunity and have reaped many times the cost of rental.

## FENNVILLE CANNING FACTORY GOES THREE SHIFTS

The Fennville canning factory is running twenty-four hours per day with three shifts of help. Stringent beans are coming in at the rate of fifty to sixty tons per day. A large load of Bartlett pears will be processed as soon as seeds will also be packed in quantity. The quantity of cans packed at this plant in one season may be imagined when we state that a single capping machine in one day finished over 62,000 cans. We note that in one of the government canning plants not far from here "over 100 cans of meat were put up." The long string of trucks waiting to unload at the factory reminds us of the old-time days when peaches were shipped in train loads — as many as thirty-two cars on a single day — from the Fennville station.

## BODY OF BLOND BEAUTY RECOVERED IN SHARK

(Detroit Free Press)

A shark weighing 3,800 pounds, devoured Agnes Novak, beautiful 18-year-old blonde, while she was swimming in the Adriatic sea in Europe. It was captured after fishermen fought it three hours.

An immediate incision into the stomach disclosed the girl's body. The big fish was sent to Zagreb for exhibition.

Yugoslav newspapers were ordered to suppress the story, because it was feared tourists might be frightened away from Adriatic beaches.

## VAN EENENAAM FOR STATE SENATOR

Gordon F. Van Eenenaam, if re-elected, will be one of the oldest members of the Michigan state senate. The rules of the senate will, because of his seniority, entitle him to the most important committee appointments.

In the last session of the legislature, Gordon Van Eenenaam sponsored bills providing for a reduction in the automobile weight tax. When the house and the senate found themselves in disagreement over several bills, he was appointed by the lieutenant governor as the Republican representative on the conference committee that finally drafted and re-wrote the bill that was adopted.

Probably one of the most important phases of legislation in the last session of the legislature was the delinquent tax bill that waived penalties and interest on all taxes prior to 1933, and provided that they be paid in ten equal annual installments, beginning in 1935.

The lieutenant-governor, who presided of the senate, appointed Gordon F. Van Eenenaam as chairman of the conference committee which drafted the final form of this legislation.

Mr. Van Eenenaam was also an active leader among the Republican opponents in the senate of the \$30,000,000 bond bill.

Ottawa and Muskegon counties will have the most experienced representation in the senate if Gordon F. Van Eenenaam is re-elected.

Born to Mr. and Mrs. David Van Dyke, 272 West Seventeenth street on August 31, a daughter.

son, 2nd; Winnie The Pooh, Miss Kirchen, 3rd.

Judges of the show were C. E. Crittenden of Flint and Capt. Piero Santini of Italy. Members of the general committee were Marion Carter, W. Eaton, M. R. Bissell, C. Kirchen, J. Thibblink, Mrs. R. Nobel, G. C. Nobleson and C. P. Brown. Proceeds of the show will go to the Zeeland community fund.

The Ottawa county road commission has issued a small map of the county showing state, county and township roads systems, waterways, cities, towns and section lines. On the back is information showing the increase of total roads since 1920 and the total indebtedness and interest charges each year. In 1920 the county had but 175 miles. Since that time 1,340 miles of township road have been absorbed into the county system. The debt service has been reduced from \$265,728.26 in 1920 to \$41,615.80, or 82 per cent. The total highway debt is \$810,500 and the estimate annual requirement for sinking fund and interest is \$105,000. Gas tax reduction has totaled \$30,000 this year. There are 93 miles of state highway, two state parks, a county park and 48 miles of scenic dunes highways. Further reduction in gas and weight tax would necessitate higher property levy for schools, the folder points out.

President George Schulling has announced Oct. 3 as the date for the annual Ottawa County Sunday school convention at Zeeland. "Hezekiah Leads His People Back to God"

(II Chronicles 30:1-9, 13)

HENRY GEERLINGS

At the age of 25 Hezekiah began his reign of 29 years in Jerusalem. He faced a hard job, for the kingdom was in bad condition. Religious things had been pushed aside, even God's house and His worship were disregarded. The king wanted Jehovah and His worship restored. He began by having the temple cleansed and the matters of worship looked after. This involved the work of the Levites and the priests. All the work on the House of God and all the ceremonies pertaining to sacrifices had to be done by them. Success attended His reforms.

Hezekiah might have been satisfied with the reestablished temple and the re-established worship, as he saw the people of Judea and Jerusalem returning to the loyalty to God. But this was not all he wanted. He knew of the negligent Jews scattered in distant parts of the land, who would not be reached by the work done in Jerusalem. He believed it was his duty to invite them to come to the Passover. This decision had been reached after consultation with the princes and leaders. It seemed the people were agreed that the Passover should be held in Jerusalem, but that invitations should be sent throughout all the country so that every Jew might have the privi-

lege of renewing his worship of God.

An official decree was enacted, proclaiming the coming feast. There had been such general neglect of the Passover that when it was kept at all it was by comparatively few of the people. This was not in accordance with the divine injunction. God's intention was that this greatest of the feasts should be kept by all the descendants of the people who were led into liberty from the bondage in Egypt. Hezekiah showed his determined zeal for God by issuing the proclamation.

Letters were prepared containing the call to the Passover. These were sent throughout the land by posts, or carriers, whose duty it was to see that none was omitted. It was a general invitation, a call to all to come to Jerusalem for the feast. The stamp of official authority was on the letters. The wording of the call had been carefully done. It began with an appeal to turn back to the God of the patriarchs their honored ancestors. The reward of their turning again to God would be His turning again blessing to them. The fact that most of them had fallen under the cruel hand of the Assyrians and that the few that were remaining needed God's blessing was stressed. This was a good way to open up the matter concerning the Passover with these scattered Jews, who for the most part were out of harmony with the doings at Jerusalem.

The letter went on to caution them against following the foolish ways of some of their fathers and associates, who by their deliberate

neglect of God had brought themselves into severe punishment. It was not a time for stubbornness to rule in their minds. They were to remember that God had not changed from the days when His presence was a source of blessing to their race. God's mercy and grace could be depended upon. His treasury of blessings was as well filled as ever. His willingness to be their God had not been changed by their former wicked ways. What was needed was a repentant attitude and a visible turning to God as sincere worshippers. This was the opportunity that the king was presenting to them in the Passover to which they were invited. The whole matter of decision was with them. No force could be used to compel them to accept the invitation to come to Jerusalem for the feast. Hezekiah did all he could when he issued the invitation.

Outside of Judah the response to the invitation was small. This was enough to discourage the king. But the feast was kept. Needed final preparations were made and the celebration was carried through with such fine results that the assembly was filled with rejoicing and requested that an additional week should be used in prolonging the Passover.

The added expense entailed by the second week of the feast was met by generous gifts from the king and the princes. The priests were willing to put in an extra week of work in preparing the sacrifices and conducting the worship. Since the times of Solomon the feast had not been kept with such elaborateness. The people were glad to engage in this worship and God was pleased.

day to see Mrs. M. P. Heath at Saugatuck.

Washington Dick of Holland and Harry Newnam of Saugatuck celebrated their birthdays at the home of Elden Dick in Holland Tuesday.—Saugatuck Commercial.

Mrs. Theo. Wade arrived at Fennville from California Tuesday evening for a visit here to relatives and friends at her former home.

Fennville will contribute a "fruit ballet" for the success of the Allegan county Century of Progress (the county fair) and training is now being given to the following named ladies: Misses Marie and Peggie DeGeus, Shirley, Rena and Geraldine Crane, Irene and Dorothy Johnson, Margaret Jane Dickinson, Lorraine Walter, Florine and Pauline Johnson, Alice DeVall, Norma Fisher, Maxine McVea, Rhoda Green and Evelyn Lockman. The ballet is in charge of Marcia Bassett, granddaughter of E. B. Bassett, one of the founders and the first secretary of the county fair association.

Monday afternoon the club met at the Saugatuck village hall at 2:30 and from there went to the home of Mr. and Mrs. L. G. Stallkamp on Black lake. Before entering the grounds they drove around the beautiful gardens to get the view from the road. Mrs. Stallkamp very graciously received the 25 members and friends and invited them to take a walk through the gardens. There were many rare plants to be seen as well as trees and thousands of tiny evergreens. The Stallkamps have been working on this project for five years and expect to work five more before it is in the condition they want it. It was a very interesting and worthwhile trip.

Clubs should not forget that one of the requirements of a completed project is an exhibit at the Allegan county fair, Sept. 11-15. All correspondence regarding exhibits should be addressed to A. D. Morley, County Agricultural Agent, Allegan, Mich. The muck farmers of Michigan are planning another Field Day at the College muck plots in East Lansing on Wednesday, Sept. 12. The gates will be open at 9 a. m. All visitors are advised to bring a basket lunch, as this is an all-day meeting, and other plots in that vicinity will be inspected.

Second signatures have nearly all been secured on the Corn Hog Reduction contracts and tabulation will be completed soon. It is expected that contracts and transmittal sheets will be on the way to Washington within the next week. It should not be many more weeks delay before some of the checks begin to come back to contract signers of Allegan county.

W. S. Lockwood, vice president and general manager of the recently organized Valley Oil Company, announces that drilling will start soon on the Ed Moore farm west of Allegan. More than 3,000 acres in Valley township are under lease by this company composed

largely of Allegan business men.

Adverse weather conditions during July resulted in decline in the condition of most late field crops in Ottawa and Allegan counties, according to a bulletin issued by the U. S. department of agriculture. The yield of winter wheat in the two counties averages 17 bushels per acre, it was reported, while the rye yield is 11 bushels per acre. Allegan's corn condition is judged at 50 per cent, while Ottawa's is 49 per cent. Ottawa's oat crop is 64 per cent compared with 50 per cent for Allegan. Her potato condition is 50 per cent compared with Allegan's 59, and condition of Ottawa field beans is 50 per cent in contrast with Allegan's 48.

Corn cutting time is near at hand and the only way of determining the seriousness of chinch bug infestation in 1935 will be the reports that come in this fall. When cutting corn if you find the chinch bug very numerous either report to the Entomology Department, Michigan State College, East Lansing, or to A. D. Morley, County Agricultural Agent, Allegan, Mich., giving the township and section where your farm is located. If we have these reports we will know where to start our fight to control this pest in 1935. Allegan county has been rather fortunate this season in that we have escaped serious damage from the chinch bug, but that is no indication that we will escape next year. Any heavy infestations of grasshoppers should also be reported this fall.

The Overisel Tigers blanked Benheim 5 to 0 as Howard Krone-meyer pitched five-hit ball for the winners. He fanned nine batters, while Gates of Benheim allowed eight hits and struck out eight. Voorhorst led Overisel at bat with a double and a single, while B. De Young of Benheim led the losers with two singles. Lampen and Fokkert were the catchers for Benheim and Overisel, respectively.

Saugatuck opened its school Tuesday instead of a week later. Rather a strange procedure considering that all resort towns are endeavoring through one week longer school closing to promote a longer resort season. Holland is doing just that.

Judge M. Hartmann of St. Louis, Mo., a perennial summer resort at Macatawa Park, has a suggestion that is being considered by residents of Holland and vicinity. He declares that a large direction sign should be placed on the U.S.-31 curve at Virginia Park pointing out the way to Chicago. "Hundreds of tourists drive to Macatawa each season," the judge declared, "only to find they are a mile and a quarter off the highway. Time is lost and there is much dissatisfaction to the tourist because there is no sign to direct him to Chicago."

Research has proved that the common house fly is an active carrier of more than eighteen types of deadly bacteria. These germs are picked up by the fly while feeding or breeding on human excrement, sputum, the carcasses of diseased animals, manure, and other polluted filth. The germs are carried on every part of the fly's body, inside and out, and deposited wherever the fly goes, on whatever it touches. Nothing is safe from the contamination of these dirty pests. ## CHURCH IN HOLLAND

**WILL BE 67 YEARS OLD IN SEPTEMBER**

Third Reformed church of Holland this month will mark the sixty-seventh anniversary of its organization. Founded in 1867, it has taken its place as the largest of Holland's churches. The church has had eight pastors, beginning with Rev. John VanderMeulen and ending with Rev. James M. Martin, who resigned the pastorate several months ago.

Three pastors were called to professorships in Western Theological seminary. Three former pastors are living. Rev. Jacob VanderMeulen, son of the first pastor, is a member of the church.

### A LAST WORD TO DEMOCRATS AS WELL AS REPUBLICANS

Many of you have heard me speak. At my own expense I have put on a campaign and spoken for patriotism, progress and prosperity, for a sound, safe but human government, for protection to the man who works, as well as to capital. You have heard me ask you to support the principles of the constitution in order that we might have liberty, freedom of speech and of the press, security of property and relief from excessive taxation and from oppressive and unjust government regulations and restrictions.

Sinclair, the Socialist, has been nominated on the Democratic ticket in California on a platform which tends toward governmental

ownership of private property, government operation of business and supervision of all individual activities.

Strikes exist all over the country and a new one has been called which involves a million men who demand that the government sustain them while on strike.

The American Federation of Labor charges the increased unemployment to the NRA.

The government is spending millions more each month than it is receiving. It proposes to license the farmers and regulate the production of farm crops, as well as the factories and stores.

You begin to realize at last that, unless there is a change and the brain trusters prevented from taking over the legislative and judicial power you will no longer be free at liberty to operate your own business but be crushed by codes, regulations and orders, a large part of the population living upon government funds furnished by those willing to work, the savings of the aged invested in securities and life insurance swept away, and our nation become bankrupt.

Not once from any responsible source have you heard my honesty, ability of courage questioned. If you believe in the future of our country, in security of property, in personal liberty and in a constitutional form of government, then I will be with you until the end, if you elect me.

Respectfully yours,  
CLARE E. HOFFMAN,  
Republican Candidate for Congress, Fourth District.

### SUNDAY DINNER SUGGESTIONS

By ANN PAGE

RED, ripe tomatoes, big and meaty, are plentiful and cheap. Lunches and supper menus should be built around them. With bread and butter and milk or cheese, they make a simple, satisfying and inexpensive meal. Cheese at its present price offers more nourishment for the money than almost any other food.

Fruits and vegetables in variety are fairly cheap and abundant. Beets, carrots, onions, turnips and carrots, eggplant, green beans and summer squash are all good choices. Boston and Romaine lettuce, green peppers and cucumbers are also low in price. Iceberg lettuce is less expensive than last week.

Peaches are already less plentiful, and fresh prunes are replacing plums. Bartlett pears are inexpensive, and with bananas, cantaloupes, grapes and oranges are the best fruit choices. Here are three menus to choose from:
